## **Draft Agenda DIS-29500 Ballot Resolution Meeting 2008-02 in Geneva, Switzerland**

In regard to the September 2, 2007 JTC 1 ballot on the fast track DIS 29500 based on Ecma 376, the ballot resolution meeting (BRM) is scheduled for the week of February 25-29, 2008 at the International Conference Centre Geneva  
<http://www.cicg.ch/en/index.php>. Only representatives of those national bodies who responded to the ballot that closed September 2 are eligible to attend, and, therefore, only those national bodies are permitted to change their registered vote on DIS 29500 with their membership status as recorded in ballot summary. No additional votes can be cast in this matter; P-member/O-member membership status in SC34 is irrelevant to the BRM.

Registration for this meeting closes December 11, 2007. Please forward your candidate delegate list to the SC34 Secretariat before this date. National bodies are advised that due to the limited size of the venue there may be some limitations placed on the size of a delegation, regardless of the number of attendees registered by a national body. We will try to establish any attendance limitations before the new year based on advance registration.

Please refer to the [Frequently Asked Questions document SC34N0932](#) for more details and answers to frequently-asked questions.

As of this draft, the actual details of day-to-day timing have not been determined. This document SC34N0933 will be revised as more details of the week's schedule come to light.
